If the period upto date of completion after the six months covered by the last such instalment of payment, is less than six months, the index MI or LI shall be the average of the indices for the months falling within that period.

(iii) The base index (MI or LI) shall be the one relating to the month in which the tender was stipulated to be received.

- (c) In the event the price of materials and/or wages of labour required for execution of the work decreases there shall be downward adjustment of the cost of work so that the price of materials and/or wages of labour shall be deductible from the cost of work under this contract and in this regard formula herein before stated under this clause shall mutatis mutandis apply, provided that no such adjustment for the decrease in the prices of materials and/or wages of labour aforementioned would be made in case of contracts in which the stipulated period of completion of the work is six months or less.
